PORTABLE GENERATORS & POWER TOOLS

PROFESSIONAL
USE

PERFORMANCE

INNOVATION

RELIABILITY

1st Independent MotoGP Team
2018 | 2021 | 2022

We drive the future as a leader in the energy generation!

Since 1966, we offer a **wide range of solutions** for industrial, mobile, residential, and small business applications, in standby, prime use or energy storage configuration.

Pramac is a **sport supporter**: sport is a passion and a challenge, that pushes us to always improve performance on the worldwide tracks.

We are active since decades in the **MotoGP Championship** with the **Pramac Racing Team**, official Ducati independent team.

After the 2002 motorcycling's debut, Pramac Racing's competitive spirit has earned the team some significant results and there is a strong link between the team of the **racing division** and Pramac business.

They are interconnected and evolve together, sharing a **common philosophy** based on quality, innovation, and the necessity of keeping up with times.

We need **flexibility, energy** and to remain **dynamic** in order to face market's changes, to be competitive and drive the future!

YOUTUBE CHANNEL

Excellence at work

Products are designed having in mind the users' needs. Our power equipments are reliable, safe and efficient because Pramac is a certainty when requiring professional performance in a variety of working applications.

SENSITIVE EQUIPMENT

Camping
Boating
Gardening
Caravanning
Motor homes

CONSTRUCTION

Hire companies
Lighting
Industrial
Renovation works
Home/Office back-up

EMERGENCY

Itinerant event
Disaster relief
Power cuts
Floodings

Portable range STAGE V COMPLIANT

Pramac portable power systems are conceived for professional application and work in tough environment. The wide product offering includes **diesel** and **gasoline power generator sets**, **water pumps**, **pressure washers** and **welder generators**. Quality, efficiency and high product standards are achieved through the use of modern design and manufacturing techniques, exceeding international regulations for noise and environmental pollution. In fact, our generators are **Stage V** compliant in order to follow the European Union's green initiative, aiming to reduce the pollutants emitted by the engine.

P inverter Series

Genset name	Single phase			
	P2200i	P3000i	P3500i	P3500i/o

Autonomy @ 75% COP	16.44h	11.06h	16.55h	11.06h

* Not suitable for mobile application within CE Countries

POWER TOOLS

PTO SHAFT GENERATOR

TG Series

PTO generators are a safe and versatile power source able to generate low cost-efficient power for any kind of agricultural use.

PRESSURE WASHER

PW Series

Petrol and diesel driven cold water high pressure washers designed to meet professional and recreational demands.

WELDER

W Series

Welder generators are specifically designed for small repairs, or for more advanced applications. Up to 220A you can use rutile, basic or cellulose electrode up to 5mm diameter.

MOTOR PUMP

MP Series

Whenever it is necessary to move large quantities of water, facing a flood or simply filling a pond, these petrol powered pumps are the perfect ally.

SERVICE AND PARTS

A global after sales network and a wide offer of spare parts

Spare parts kit special offer

On-line spare parts order and interactive spare parts catalogues

Service support

Worldwide approved service network

Scheduled maintenance kits

Personalised solutions with 24/7 on call service

Certified operators

Dedicated training programs for users, maintenance and after sales service

Manuals and guides

A complete set of technical information, offering quick and efficient solutions

Online assets

A dedicated parts website to reach technical resources, place orders, and check the parts catalogue

Products are verified and tested by Pramac R&D Engineering division. We stand behind our innovative product design, high quality, and first-class reliability with the Pramac Limited Warranty of **XXXXX years/hours**.
